PROFESSIONAL SUMMARY

Aspiring Data Analyst with experience in SQL, Python, Excel, data cleaning, validation, reporting, and analytical problem-solving. Built data-driven projects using real-world datasets and developed strong research, debugging, and data-quality skills through academic and internship experience. Seeking opportunities in Data Analytics, Business Intelligence, and Data Operations.

CORE SKILLS

SQL • Python • Excel • Data Analysis • Data Cleaning • Data Validation • Data Verification • Reporting • Root Cause Analysis • Business Research • Power BI • Git • Firebase • HTML • CSS • Data Structures & Algorithms

PROJECTS

Second-Hand Car Price Prediction System

- Built a machine learning model using real-world datasets, achieving [FILL IN]% prediction accuracy through data preprocessing and regression analysis.
- Collected, verified, and analyzed automotive market data to improve prediction reliability.

Nutrino – Personalized Diet Recommendation System

- Designed a recommendation engine using [FILL IN] dietary records to generate personalized nutrition plans.
- Processed and validated user health data to improve recommendation quality.

Steal Your Kicks – Sneaker Resale Marketplace

- Developed an auction-based marketplace platform supporting [FILL IN] users with Firebase authentication.
- Structured marketplace data and optimized workflows through testing and issue analysis.

Quiz Vault – Python Quiz Application

- Created an automated assessment platform capable of evaluating [FILL IN] responses with real-time scoring and reporting.

INTERNSHIP EXPERIENCE

Web Development Intern | TechCryptors, Mumbai (Jul 2022 – Aug 2022)

- Developed and deployed [FILL IN] responsive web pages by integrating HTML/CSS with Firebase backend systems.
- Analyzed and resolved [FILL IN] frontend/backend issues through debugging and root-cause analysis.
- Implemented data validation and verification checks to improve application reliability and data quality.
- Documented workflows and collaborated with team members to deliver project milestones on schedule.

EDUCATION

B.E. Information Technology

St. Francis Institute of Technology, University of Mumbai (2023–2026)
CGPA: 6.33

Diploma in Computer Engineering

Pravin Patil Institute of Technology MSBTE (2020–2023)
Percentage: 75%
